I think we keep the general process slides, also provide the handout, and note that the slides can be skipped if they are pressed for time.

Brittany, I had just a few comments and then I tried to shorten with resulted in moving things around so it looks like a lot. Ruth had comments below which I think I addressed but have left here just in case.

A few things for consideration:

- 1) Do we just hand out the general process sheet mailed to all tribes and delete the slides here?
- 2) We need to scrub for consistency e.g., all same font, periods at the end of bullets or not, ...
- 3) You may not see this because I can't do redline in notes but I added talking points in some areas – I hope they make sense.
- 4) I deleted slide 11 as it was duplicative with the Wheeler letter slide

Kathy-

I have only a few suggestions, but defer to you.

Slide 3: clarify first sub-bullet

Ex. 5 Deliberative Process (DP)

Slide 4:

Ex. 5 Deliberative Process (DP)

Slide 6 – EPA’s role in assumption: I suggest making the bullets have consistent tense

Kathy and Ruth – attached is a first run at the presentation for the October 9 Buffalo/Niagara Falls meeting. I still don’t have a R6 contact on the final slide. Please review slides, as well as the notes section, so that I may incorporate your edits and forward to Mindy and Mike.
